

Kayaking Adventure

**JOIN US ON AN UNFORGETTABLE KAYAKING
ADVENTURE COMBINED WITH AN OVERNIGHT
CAMPING EXPERIENCE ON REINØYA ISLAND.**

GO NORTH

This tour takes you through stunning landscapes and serene waters, where you can truly appreciate the beauty of Arctic nature. Porsangerfjord where we go to paddle is the European continents northernmost archipelago with a lot of small islands, and a belt of dolomite rocks crossing the fjord making it a geological high point.

Day 1 : After we picked you up at Lakselv airport, the adventure begins in Børselv, where you'll enjoy a restful night in our cozy lodge, ensuring you're well-rested and ready for the exciting kayaking journey ahead.

Day 2 – 3 : The following day, we'll start the kayaking trip.

During this adventure, we will paddle approximately 8-10 km along the scenic river, surrounded by lush greenery and fascinating rock formations. We'll take breaks to enjoy the stunning surroundings and have a picnic lunch close to the water. After a day of exploration, we'll set up camp on Reinøya, where you can relax under the sky and enjoy the peaceful atmosphere of the Norwegian wilderness, as well as interesting rock formation in dolomite.

The next day, we'll return to Børselv, where you'll spend an additional night at our lodge before departure.

Day 4 : After breakfast, you'll be transferred back to Lakselv Airport for your departure.
